

Flat

Design André Schelbach

Flat is the modern and elegant interpretation of the classic serving trolley. Fine details and high-quality materials such as stainless steel, high gloss lacquer and leather give this trolley table its sophisticated character. Designed with versatility in mind, Flat cuts a fine figure - be it in the kitchen, the living room or the office. When not in use, Flat can be quickly and easily folded together and stored out of sight in the smallest of spaces. Its clearcut design and functionality emphasise its modern character - a distinctive trademark of the Yomei collection.

The top shelves of the FLAT serving trolley are available in the following versions:

veneer								
	Oak Nature	Walnut	Oak Fine Dark	Macassar				
oak lacquer								
	Pearl White	Graphite	Mocca	Black Magic
