

Minimize
Design André Schelbach

Minimize is the versatile and foldable side-table from Yomei which is distinguished by its clear-cut design and inimitable lightness. With a choice of three different sizes and shelves in a range of 29 different surfaces and colours, there is a solution to suit virtually every setting. The qualities of this distinctive table are highlighted by materials such as leather, high gloss lacquer and macassar ebony veneer. The frame is optionally available in polished or brushed stainless steel. Within a matter of seconds the table can be folded together and stored in the smallest of spaces until it is needed again. Minimize is also available with a non-foldable frame and serves as an elegant side-table that impresses with its clear-cut design.

3 different sizes

The top shelves of the Minimize side table are available in various versions:

veneer
